

You have the power! Become a Sun Life Advisor.

We're looking for people who are motivated to make a real difference with their careers. People with drive, determination and a desire to serve the communities they live in.

As a Sun Life advisor, you'll have the power to:

- To control your own success
- To achieve your full potential
- To make a real difference to your community

What does an advisor do?

Sun Life Financial advisors help people manage their insurance, savings and investment strategies throughout life's stages.

Advisors help people:

- Build their savings, Protect their families, and Enjoy their lives.

Advisors partner with their clients, helping them to:

- Assess their current situation
- Set achievable financial goals
- Develop realistic plans to meet those goals
- Understand how all the pieces fit together
- Put financial plans into action
- Monitor their progress as they try to reach their goals
- Update their plan to grow with changing needs
